ICC-SRCC™ Fee Schedule For Small and Medium Wind Certification

Effective March 24, 2017

All fees are invoiced upfront and are non-refundable. All invoices are due upon receipt. All Fees are US Dollars.

With the exception of Annual Fees, all fees are subject to change without notice.

Application Process

Welcome to ICC-SRCC™ and thank you for your interest in Small Wind Certification.

We encourage applicants to complete a Notice of Intent to Submit an Application for ICC-SRCC Small or Medium Wind Certification before beginning testing to ensure that all requirements are met and documentation is obtained during testing. Especially for non-accredited test sites, it is advisable for ICC-SRCC to begin the site evaluation and test witnessing early in the process in order to avoid delays and added costs. There is a Preliminary Review Fee according to how many wind turbines you would like to certify. The application process, as well as FAQs, standards, policies and the Notice of Intent may be found on our website at <http://smallwindcertification.org/for-applicants/>

Please see this webpage for small wind turbines with a rotor swept area that is less than or equal to 200m²: <http://smallwindcertification.org/for-applicants/small-turbines/application-process-small/>

or

for medium wind turbines with a rotor swept area that is greater than 200 m² and less than 1000 m² : <http://smallwindcertification.org/for-applicants/medium-turbines/application-process-medium/>

After receiving the Notice of Intent, ICC-SRCC will review the details of the wind turbine(s) to be certified and the plans for testing. ICC-SRCC will use this information to determine the Certification Fees and develop a Certification Agreement.

In addition to the Notice of Intent, we ask that you submit a Configuration Description (CD) form. The CD form is available at the bottom of this ICC-SRCC webpage: <http://smallwindcertification.org/swcc-policies/>

Our technical and administrative staff members will gladly answer your questions. You may send e-mail inquiries to: info@smallwindcertification.org

Preliminary Review Fees

Notice of Intent (NOI) to Submit an Application to ICC-SRCC

Preliminary Review Fee- First Small or Medium Wind Turbine

\$2,500.00

Preliminary Review Fee - Each additional wind turbine submitted when multiple configurations of the same turbine type are included in the NOI, provided that ICC-SRCC confirms that the turbines are similar in design and other significant characteristics.

\$1,250.00 each

Note:

Active applications are eligible for completion and the award of a certification when all program requirements established by ICC-SRCC have been satisfied within the time specified. Should an application exceed the allotted time and become Inactive as described in Paragraph H. 6. of the [ICC-SRCC Small Wind Turbine Certification Policy](#) and the [ICC-SRCC Medium Wind Turbine Certification Policy](#), a new NOI must be submitted for review along with payment of associated Preliminary Review and Reinstatement fees.

Definitions

Notice of Intent (NOI) to Submit an Application to ICC-SRCC - An Applicant intending to seek ICC-SRCC Small or Medium Wind Certification must first submit a Notice of Intent to Submit an Application form. This is where the applicant presents to ICC-SRCC the details of the wind turbine(s) and proposed test plans. <http://smallwindcertification.org/swcc-policies/>

ICC-SRCC Configuration Description (CD) Form - The CD is a form which is to accompany the NOI. One (1) form is required per turbine configuration seeking Certification. A copy of the CD form may be found towards the bottom of the ICC-SRCC webpage: <http://smallwindcertification.org/swcc-policies/>

Preliminary Review - A thorough review of the NOI and CD by the Certification Commission in consultation with the ICC-SRCC Technical Director.

Test Site Evaluation - A site evaluation of a non-accredited testing organization or the on-site evaluation and inspection of an accredited testing organization. The site evaluation is conducted if determined necessary by ICC-SRCC to fulfill the requirements of the [Small Wind Turbine Certification Policy ICC-SRCC1](#) or [Medium Wind Turbine Certification Policy ICC-SRCC4](#)

Limited Power Performance (LPP) Certification - Upon request ICC-SRCC may grant optional Limited Power Performance (LPP) Certification to a small wind turbine model prior to granting full ICC-SRCC Certification. LPP Certification is time-limited. Details may be found in the [Small Wind Turbine Certification Policy ICC-SRCC1](#).

Annual Certification Renewal - A completed ICC-SRCC Annual Certification Report Form (provided by ICC-SRCC), along with annual fees, must be submitted to ICC-SRCC each year in accordance with the [Small Wind Turbine Certification Policy ICC-SRCC1](#) or [Medium Wind Turbine Certification Policy ICC-SRCC4](#).
